- Problem Solving
- Teamwork
- Time Management
- Critical-Thinking

Technical Skills

- Java
- C
- PHP
- HTML/CSS
- C#
- Kotlin
- MySQL
- PostGreSQL

Language

- Malay (Fluent)
- English (Proficient)

👤 Profile

I am a fifth semester software engineering student currently studying at German-Malaysian Institute who is interested in searching for internship during my sixth and final semester from 13th January 2025 until 16th May 2025. I am looking to further enhance my programming skills through the internship and increase my work experience. I would like to learn new knowledge on how software engineering is applied in a professional setting.

Achievement

August
2024

Finalist of World Skill Competition

- Participated in IT Software Solutions for Business Category. Developed Mobile and Desktop Application.
- Uses .Net Web Core API and Jetpack Compose to develop Mobile while using Windows Form App along with C# to develop desktop application.
